

Government College Balrampur is one of the young but rapidly developing colleges of Chhattisgarh. It was established in the year 2008. The people of the area had been asking the government to establish a college in Balrampur town for quite a long time. In addition of being the tribe dominating area, Balrampur town is situated at a central location in District Balrampur.

Science Laboratories

Our Science Laboratories are fully equipped to meet student's requirements for coursework. There are separate labs for Biology, Physics, Computer Science, Zoology and Chemistry, where students conduct practical experiments in line with their coursework.

BOTANY LAB

CHEMISTRY LAB

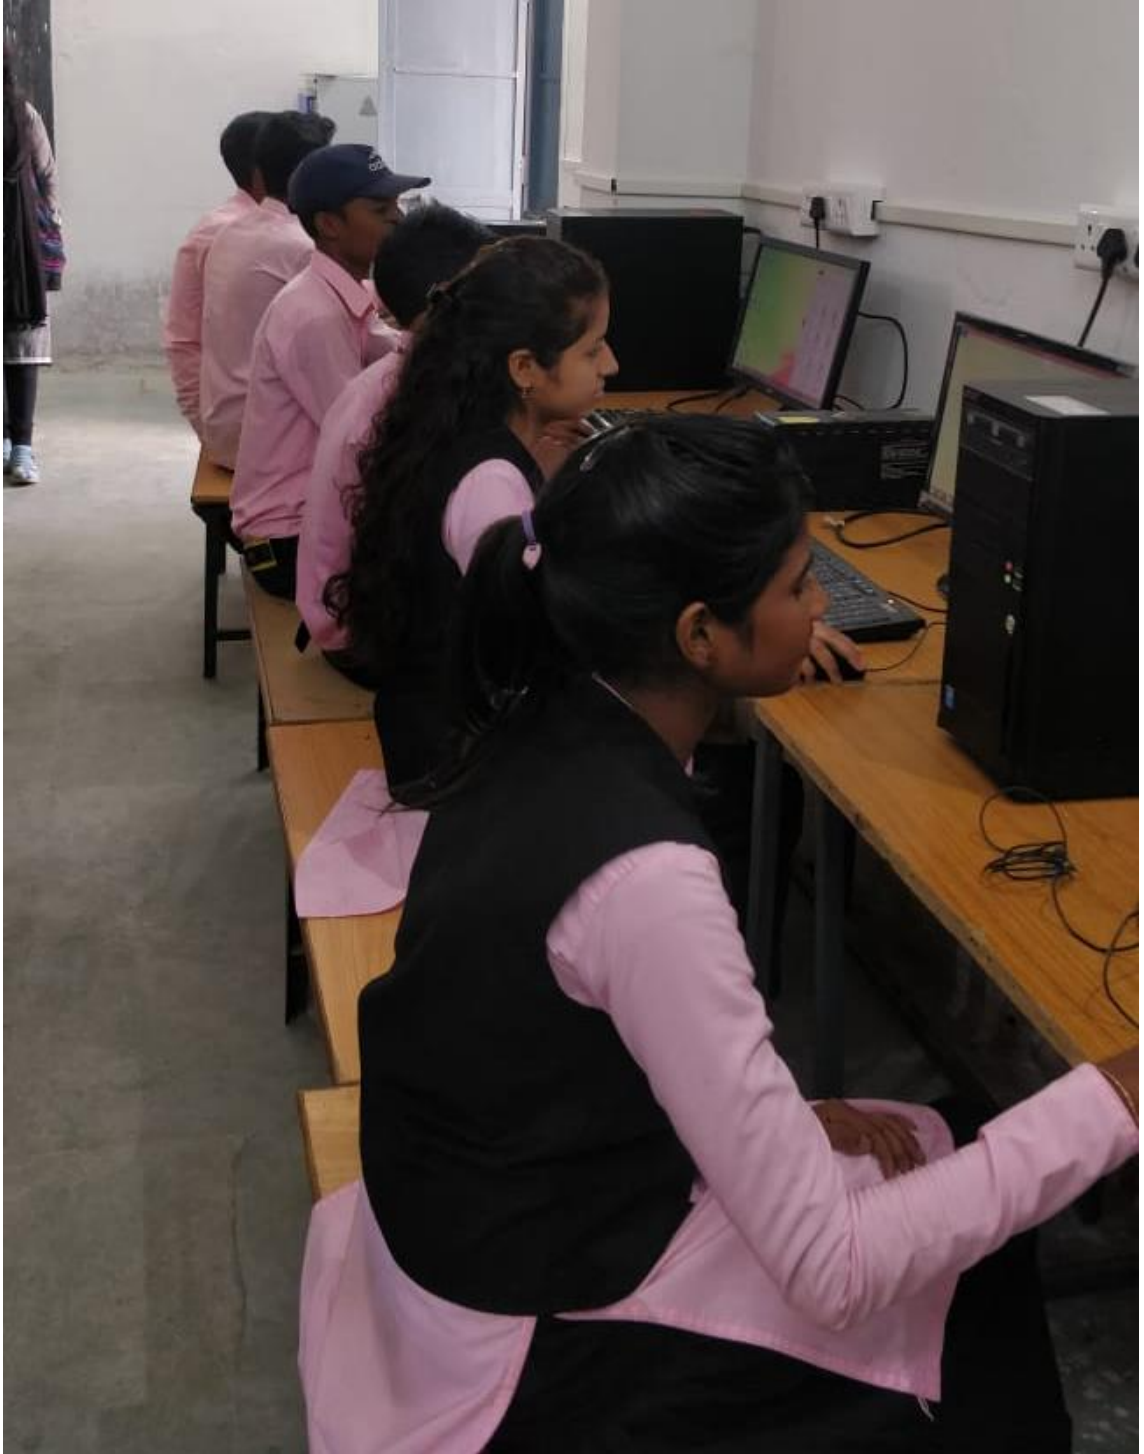

PHYSICS LAB

ZOOLOGY LAB

COMPUTER LAB

Canteen facility

GCB has a Canteen inside the college premises located at a very natural spot for the benefit of students, teachers and the non-teaching staff. The canteen provides a variety of healthy and hygiene food items. The Canteen remains open on all working days.

Library

The library has automated with **Koha** all its library activities to provide effective and wide range of academic resources such as books, journals, online databases. The College has a well equipped library with a highly qualified Librarian and library. Quite a good number of text and reference books are available in it. Moreover, Newspapers, educational journals, magazines have been provided to the students so that they may keep a track of the current affairs. The college has a well-equipped library with a compendium of 7329 books, equipped with INFLIBNET.

Computer Education (COMPUTER LAB)

The College consists of well equipped and advanced Branded Computers. The College has a very beautiful separate Computer room with sufficient sitting facilities. Students can opt for computer course like B.Sc. Computer Science degree courses.

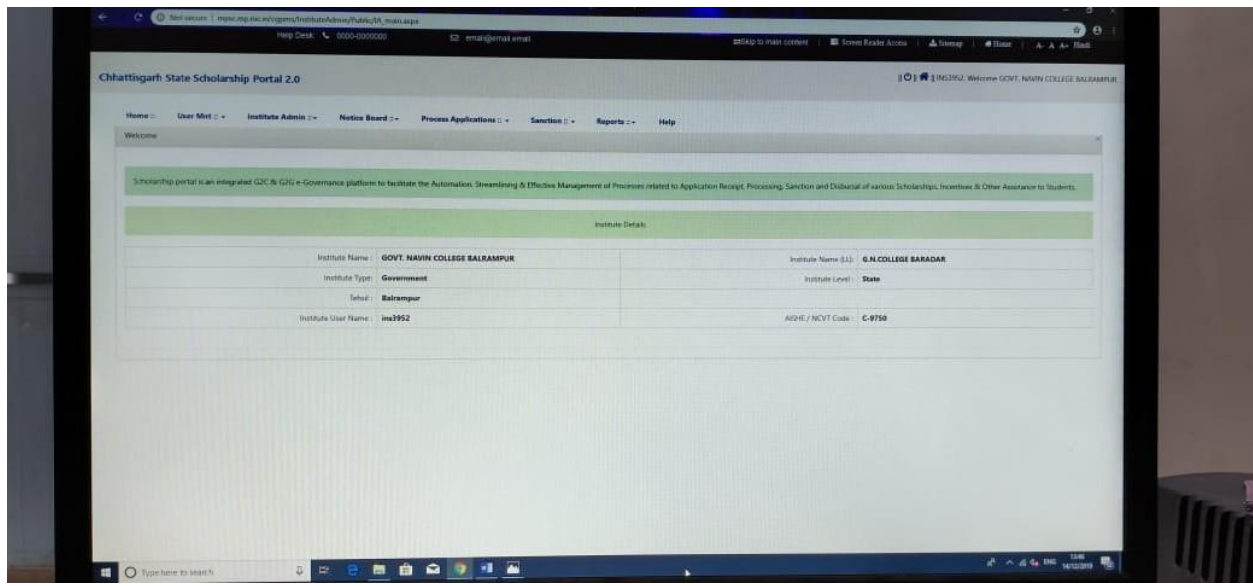

SOLAR Initiative in GCB (Green Power Initiative)

There had been huge gap between demand and supply requirement of power in our country since very long but power sector now has seen significant improvement in the past decade. It is clearly visible that majority of the electricity is still generated from fossil fuels that is responsible for carbon emissions, climate change etc. Hence, the next bigger challenge is “Clean and Green” transformation of this sector. Zero power cut area with the help of a house 05 KWP SPV Power Plant, a vision project of the Chhattisgarh Renewal Energy Science & Technology Promotion Society Raipur with a provision of 20 SPV panels, was also dedicated to the college by Balrampur District Administration. Roof top ON-Grid 05 kW Solar Photo Voltaic System had been commissioned. The total of 3,207 kWh units have been generated and utilized for the use in the campus of GCB. The Solar Energy generated and consumed is about 50% of the total energy consumed.

Scholarship

The Government of Chhattisgarh invites applications for Post Metric Scholarship for SC/ST/OBC students, studying in above Class 12th. The aim of the scholarship is to support the post-metric education of students belonging to SC/ST/OBC community in Chhattisgarh. With the help of financial assistance, the scholarship promotes SC/ST/OBC students for higher education.

BPL Scholarship

To encourage students from BPL families to pursue higher education, State Government has initiated BPL Scholarship scheme in Chhattisgarh, under which BPL college-students of all categories are entitled to monthly scholarship. They are those students who does not get any scholarship or financial add from any other scholarship scheme. Under BPL Scholarship Scheme, each eligible student of graduation-level is provided total scholarship of Rs 3000, at the rate Rs 300 per month, and that of PG-level are provided scholarship of total Rs 5000, at the rate of Rs 500 per month.

OXY-READING ZONE

The student population of India forms the largest student body in the world, it would make the 4th biggest country in terms of population. It's certain, that this pool of potential talent emerging from demographic transition would ride India towards becoming a global power. The Oxy-Reading Zone will boast a Youth with capacity of 200 sitting capacity in the open air. The green campus of the college provides for ambient natural light and pleasant temperature by reducing heat effects. A number of casual relaxed open areas, trees having medicinal and aromatic values, tree shades across the campus provides a tranquil environment for well-being of students.

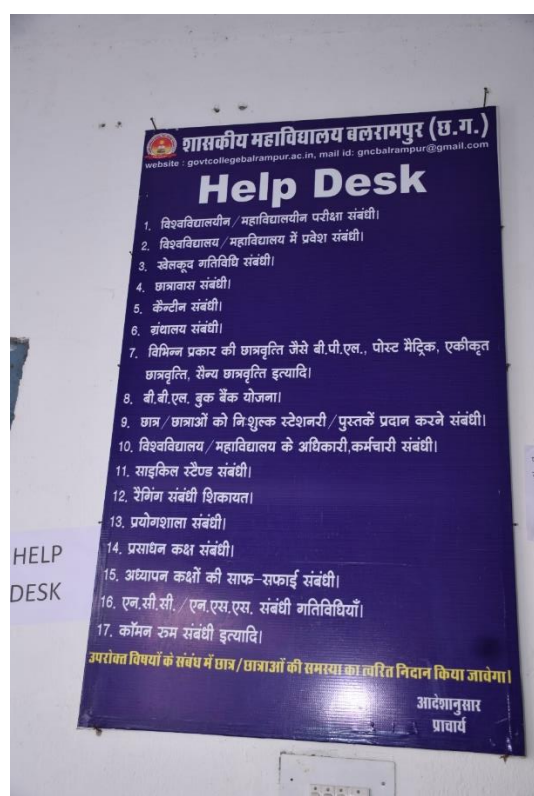

SPORTS FACILITIES

The Purpose of organized physical education, sports and games activities is to create an environment that stimulates selected movement experiences resulting in desirable responses that contribute to the optimal development of the individual's potentialities in all the phases of life. The importance of sports and games in school or colleges encompasses more than just the benefit of physical activity and also increases in self-esteem and mental alertness. It teaches to the student's about life skills like teamwork, leadership and patience. The qualities of the leadership, sharing, team spirit and tolerance are learnt from sports. Sports education not only teaches the students to maintain the physical stamina, but also the habit of obedience, discipline, the determination to win, willpower, etc.

HELP DESK

Help Desk provides students & teachers with a professional support team that they can call for answers to all issues *on dependable Support Available 2hrs every day*. **Help desk Services Available for Students and Teachers.**

COMPLAINT BOX

In an attempt prevent issues such as ragging, eve-teasing and stalking at college efficiently, the college administration set complaint and suggestion box in college premise. The aim of putting the complaint box at the college is creating a strong sense of confidence among students in the institution that they can pursue their courses in a fearless atmosphere, away from all sorts of campus evils. The facility will help police, students and college managements in early prevention and detection of crimes.

FIRST AID

It is inevitable that sometime during the class the student is at college he/she will get hurt or sick. College has an emergency room to care for students who are injured or sick. A good first aid kit never substitutes for a sympathetic parent, but when our student is on his own, he will be grateful if he has the necessary tools to help himself. Youth Red Cross manage the facility.

FIRE EXTINGUISHERS

The National School Safety Policy Guidelines apply to the college. GCB college must always understand the Importance of Fire Prevention and be a fire safe place for our students. Educational institution fire safety measures, fire devices, fire drills, fire exits, fire escapes fire alarms are just components of a good college fire safety measures. College has installed fire extinguishers in the college prime locations.

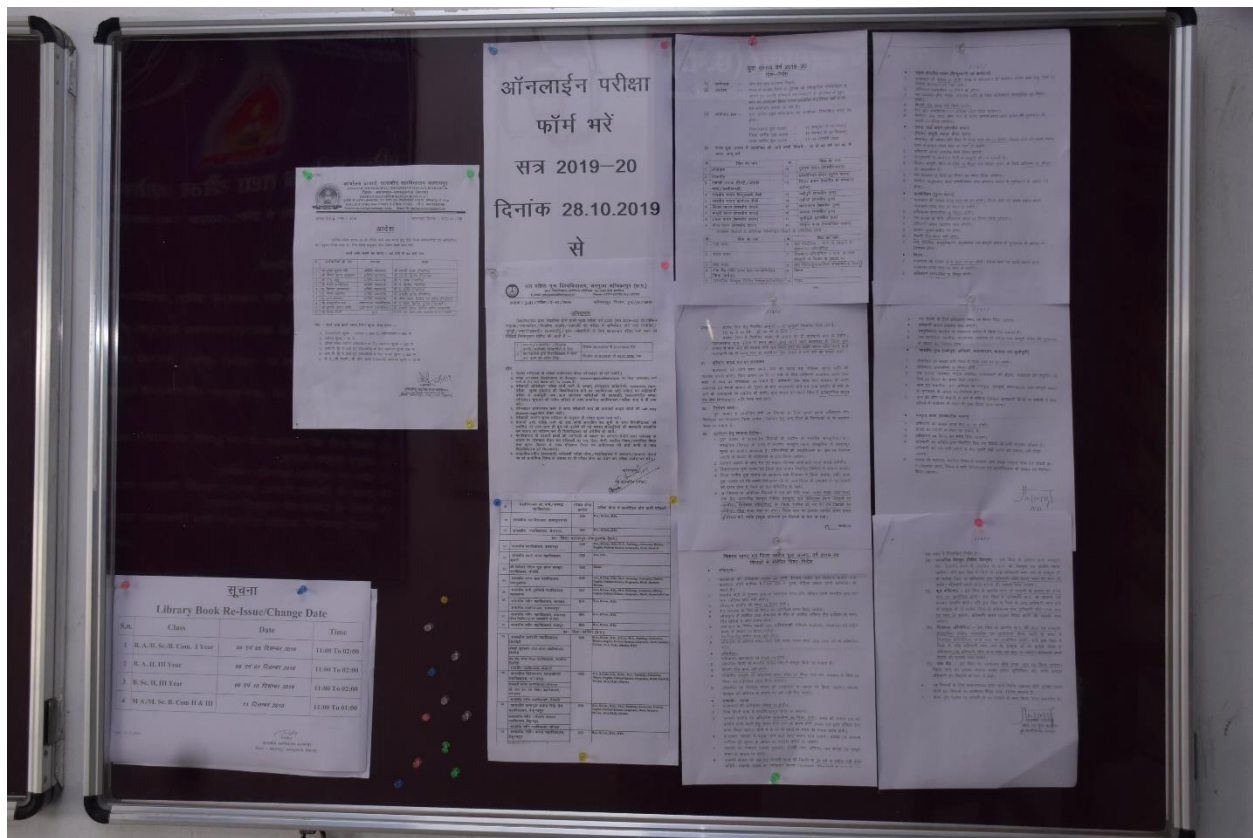

GREEN BOARDS

The green boards is more pleasing to the eye than black, lighter in weight, more durable and cost-effective.

NOTICE BOARDS

Outside the classroom, students use **display boards** to promote clubs, recognize athletics and **display** art projects. The **purpose** of the **display board** in that context is to catch the viewer's attention and explain what was performed and what was learned.

GIRLS COMMON ROOM

To facilitate our female students, the Campus has established a spacious and comfortable common room. This space has been designed to give female students a place to relax, study, have informal discussions in free time available. Daily newspapers, magazines, periodical and journals are available for leisure reading. Female students appreciate this facility a great deal.

National Cadet Corps (NCC)

NCC is a National Organisation that is meant to develop character, comradeship, ideal of service and capacity for leadership. The training the cadets receive, is supposed to stimulate in them an interest in the defence of the country. In any case, it will be considered an additional qualification for Public Service. The National Cadet Corps was established in the college in 2017 with only 18 cadets in first year (total allotted vacancies-54) to impart training and officer like qualities to them such that they are always ready for the service of the country. The NCC activities carried out under mentorship of 28 CG Battalion NCC Raigarh, Chhattisgarh. For NCC candidates, the bonus marks will be awarded on the basis of the NCC certificate signed by the Director and issued by the Directorate of NCC to the candidates who have secured at least 75% of attendance after having participated in the activities during the course of study immediately preceding the course for which admission is sought. Weightage marks given by the University for NCC Cadets are as follows:

Activities	Grace Mark
i 10 Day Annual Training Camp/75% Parade Attendance	1.2
ii Certificate B	1.6
iii Certificate C	2.0
iv NIC/TSC/NSC/VSC/NCC Sports (National Level) / Adventure Camps (National Level) Centrally Organized Camps / Inter Group Competition	2.4
v RD Parade – Camp (National Level) / YEP (Youth Exchange Programme)	2.8

In-charge : Dr. S N Sahu.

Protected Drinking Water provided

Drinking water is essential to health — and the availability of safe and free drinking water is essential to student success. Young people are not consuming enough water, rather picking sugar-sweetened refreshments (soft drinks, sports drinks, caffeinated drinks, milk, coffees, and fruit-flavored drinks with added sugars), **100% natural product juice**, and different drinks. Drinking adequate amount of water can prompt enhanced weight status, lessened dental cavity, and boost cognition among youngsters and youths.

College provides clean and hygienic drinking water with the help of Reverse Osmosis treatment system which has been installed in for the benefit of students and staff.

PARKING (CYCLE STAND)

Having smart, innovative parking solutions is important for college campuses. GCB is proud to have cycle/motor cycle parking facilities in our College Green campus.

BUS STOP FACILITY

The College is on the main road to the Balrampur city. Scores of public transport buses ply before the College campus and many day students use this service.

CCTV's Surveillance

CCTV digital video security cameras can play a major role in helping protect a college campus. Providing proper video surveillance over an entire campus community is almost like monitoring a small city. There are so many different types of facilities and settings that require continuous monitoring, with the safety of students, faculty, and school property at stake.
